Special meetings may be called by agreement of the Co-Chairs or by written endorsement of one-third (1/3) of the membership of the Planning Council with notice provided to the Office of HIV Planning. Notice of special meetings shall be made at least seventy-two hours in advance of the meeting, along with the meeting agenda, to the maximum extent possible.

Section 5. The Planning Council acknowledges that public participation at Planning Council meetings provides necessary input on matters of concern to the community and contributes to effective community planning.

- a. To this end, the Planning Council shall establish a designated period at the beginning of regular Planning Council meetings to allow the general public to address the Planning Council with issues related to the Council's legislative mandate as stated in the Public Health Service Act, Title XXVI. Additional time for Public Comment may also be allowed after deliberations on any Action Item prior to a vote on the item, as called for by the Co-Chair/s.
- b. Up to fifteen minutes shall be set aside for members of the public to speak. No speaker shall be allowed longer than five minutes, and depending on the number of speakers, the amount of time allocated to each speaker may be less than five minutes. The Co-

Chairs have the discretion to extend this period of Public Comment, or to suggest issues/items be considered under another agenda item, such as New Business or under an Action Item, if the issue requires further consideration by the Planning Council members. The Co-Chair/s may also permit Public Comment, at his/her discretion, at any other time during the meeting.

- c. When the Co-Chair/s use/s his/her discretion in the matter of Public Comment, he/she shall clearly articulate his/her reasons for doing so. For example, if the Co-Chair would like to limit an individual's time to speak or to increase the amount of time allowed for Public Comment, then he/she must explain to those in attendance why such an action is being taken.
- d. Persons wishing to provide comment may do so by signing up on the sheet labeled "Public Comment Sign-In", which will be available at the Office of HIV Planning at least 15 minutes before the meeting is called to order. The Co-Chair/s shall offer an explanation of the Public Comment Process at the beginning of every regular Planning Council meeting.
- e. A member of the public must be acknowledged by the Co-Chairs in order to address the Planning Council. The Co-Chairs shall acknowledge the speakers in the order they appear on the Public Comment Sign-In sheet. Those persons wishing to speak, but whose names do not appear on the sign-in sheet, may have a chance to address the Planning Council, per the Co-Chair/s discretion, after all persons on the sign-in sheet have been given the chance to address the Planning Council.
- f. During this period of Public Comment, the general public may address the Planning Council with comments and/or questions. However, the Co-Chair/s and Planning Council members are not obligated to address the concerns or questions raised at that time. The Chair/s may direct the person making the public comment to address the matter with the appropriate party at a later time, i.e. members of OHP staff, a Committee Co-Chair, etc.
- g. All written comments submitted to the Planning Council shall be considered a part of the Public Comment section and entered into the record of the meeting.
- h. At any meeting of the Planning Council, the Chair/s may give speaking priority to members of the Planning Council during the discussion and deliberation of all Action and Discussion Items before the Planning Council, considering the members of the public are afforded the opportunity to address the Planning Council during the Public Comment period/s at that meeting.
